### WHAT DREW YOU TO UNF?

"Unf was appealing because of the sense of community. I'm in love with Unf because you will have access to many opportunities, but at the same time, you never lose the sense of family. That is what drew me to UNF and what I love."

### WHAT MAKES UNF'S ONLINE PROGRAMS SPECIAL?

"We are in a great place with our faculty. We are excited and are catering programs that respond to the demands the healthcare field is calling us upon."

### HOW DO YOU INTERACT WITH STUDENTS WITH YOUR PROGRAMS?

"My number one way to engage with students is to let them know the (virtual) door is always open. I completed my master's and doctorate while being a synchronous online leader. It can be challenging, but it's important to have a sense of community so students don't feel disconnected. I try to infuse group activities so students can attach names with faces. I want our students to feel like they have had an in-person campus experience without having to leave home."
